### General Rules

- Authors will not be provided complimentary registration or any other financial remuneration. The Primary Author must be the presenting author.
- Panel is open for submission only to SCA members who are either junior faculty/staff (clinical instructor, assistant professor) or less than 5 years in practice.
- Only one Super Echo submission per person is allowed.
- An abstract or case may be submitted for consideration to multiple calls, however the submission may not be presented to more than one call. If an abstract or case is accepted for presentation to more than one SCA call, it is the authors' responsibility to notify the SCA and a decision will be made regarding where the submission will be presented.
- Abstracts/cases that are published or presented at other national and international meetings prior to the SCA Annual Meeting will not be permitted to be presented.
  - If there is a potential conflict regarding an abstract already being presented or published it is the responsibility of the submitting author to contact SCA at the time of submission. Failure to comply may result in the abstract being disqualified.
- Only cases submitted in the appropriate format will be considered.
- The submitted text and images must be HIPPA compliant, including masking of all patient identification material. Images with patient identifiers will not be reviewed and will be rejected.
- Abstract co-authors will receive emailed requests for disclosures of conflicts of interests after the submitting author submits the abstract. If a co-author fails to submit his/her disclosures, the abstract will not be reviewed and will be rejected.
- Video clips **MUST** accompany the submission.
  - Video file formats should be AVI
  - Optimal video frame dimensions are 480x360 pixels
  - Use video-compression software to reduce size, if necessary
  - A total of 2 videos may be submitted. If you prefer, you may combine clips into one video.
  - If you combine clips, please allow enough time for each clip and leave a gap between clips
- Label your submitted figures/videos with your initials followed by Figure/Video # to facilitate reviews (i.e. John Smith: JS Figure 1/JS Video 1).

### Submission Reviews

All abstracts undergo a blinded peer-review process and will be reviewed on the following criteria:

- Teaching point of the case
- Provides opportunity for discussion
- Illustrates new echo technology
- Quality of video/still images submitted.
